# HOW CAN WE HELP YOU?

FORECOURT SYSTEMS UNDERSTANDS THAT THE PETROL AND CONVENIENCE SECTOR IS AN EVER CHANGING MARKETPLACE. WE REALISE THAT YOUR SITE'S SPECIFIC NEEDS DEMAND INDIVIDUAL ATTENTION. WE HAVE A TEAM OF ENGINEERS AND I.T. CONSULTANTS THAT CAN ADVISE YOU HOW TO MAXIMISE YOUR FORECOURT OPERATION. IF YOU ARE LOOKING TO FULLY DEVELOP A SITE, PERHAPS YOU WANT TO IMPROVE STOCK MANAGEMENT SYSTEMS OR YOU HAVE SOME SPECIFIC QUESTIONS THAT NEED ANSWERING, FORECOURT SYSTEMS IS HERE TO HELP.

## TURNKEY DEVELOPMENT

Forecourt Systems provides the full range of forecourt development services - from site refurbishment to greenfield development. We offer the complete package tailored to your site's individual needs. We offer complete project management; from design plans, legal and health and safety aspects right through to the installation of all equipment and pipework.

## FUEL DISPENSERS

Choose from Ireland's widest range of fuel dispensing products for the retail, commercial and industrial sectors. All pumps are designed to interface with a broad selection of peripherals, including EPOS, payment terminals and CCTV. Forecourt Systems are exclusive suppliers of the world's leading dispensing equipment, and the scale of our business means we make sure our clients receive the most cost-effective packages in the marketplace.

## EPOS

Forecourt Systems specialises in EPOS systems designed specifically for the forecourt market. Our solutions help you to maximise the profitability of your petrol and convenience operation. We supply the forecourt sector's leading front and back-office solutions. Our systems integrate to all of Ireland's leading wholesalers. We are experts in the forecourt field and ensure that all retail IT equipment that we install and maintain is fully integrated to help you run a smooth retail operation.

## INSTALLATIONS

All work is handled by fully trained in-house, engineering teams who operate throughout Ireland. Forecourt Systems works to the highest health and safety standards required by Det Norske Veritas (DNV), recognised as one of the world's leading underwriters. Forecourt Systems is an approved contractor for ESSO, Texaco, Statoil, Shell, Maxol, TOP, and Sweeney Oil.

## CONSULTANCY

Forecourt Systems has a team of advisors that have worked on some of Ireland and Europe's largest petrol and convenience projects. Combining a knowledge of the sector and supplying the latest techniques and products, Forecourt Systems offers clients an unmatched expertise in the area of petroleum and retail I.T. We help Irish and European customers on a daily basis to deliver the highest quality of service while pursuing excellence in Health, Safety and Environmental standards.

## TANK GAUGES

Easily manage your fuel and increase your site's efficiency through a range of tank gauge systems available from Forecourt Systems. The gauges help you comply with Irish Health and Safety legislation allows you to easily manage fuel, track inventory and delivery information and ultimately increase your forecourt's efficiency.

## SUPPORT

We maintain a pool of highly skilled engineers throughout Ireland to ensure quick response and reduced site down-time for all clients. Our all Ireland team covers the length and breadth of the country with bases in Dublin and Belfast. Forecourt Systems has consistently invested in front line engineering and an extensive support infrastructure. This investment ensures that Forecourt Systems has a team of trained analysts to deal with any forecourt issue.

## SECURITY

Europe's most innovative security solution, *Big Brother*, is available exclusively from Forecourt Systems. The solution is Ireland's only fully integrated security, pump and EPOS solution. It offers you complete peace of mind as drive-offs and mix-ups eliminated and shop security is enhanced.

## COMMERCIAL

Forecourt Systems provides a full range of products and services relating to the Commercial and Depot industries. Our commercial division offers a total package including the provision of tanks, metering systems, commercial dispensers and pumps. We consistently deliver projects to the highest standards required by Ireland's leading oil companies and independent dealers.
